PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1D

Lyubomi Army Barracks is located immediately north of the center of Lyubomi 22 kilometers (km) west of Lukov (Figure 1). The installation covers approximately 155 acres, is partially secured, and is road served with rail access.

The installation contains (Figures 2 and 3) seven multistory barracks, three multistory administration buildings, eight administrative buildings, one probable waste disposal building, one vehicle maintenance building, six vehicle storage buildings, 23 storage buildings, two probable ammunition storage buildings; one POL

storage area with an undetermined number of buried tanks, and eight support buildings.

Training facilities for the installation are two athletic fields, two small arms firing ranges, and one possible small arms firing range.

The installation is active and little or no change has been noted since [REDACTED] however, improvement in photography shows buildings which are not new, but could not be previously identified.

The installation was covered by [REDACTED] KEY-HOLE missions between [REDACTED]

DESCRIPTION OF INSTALLATION 25X1A

Railroad Service

The facility has access to the main Yagodina-Lukov rail line by way of a dead-end spur near Area D.

Road Service

The installation is served by all-weather roads.

Administrative and Troop Housing Area

Area D contains seven multistory barracks, three multistory administrative buildings, one administrative building, three storage buildings, and seven support buildings.

General Storage Area

Area E contains eight storage buildings.

Ammunition Storage Area

Area F contains two probable ammunition storage buildings, one 75 by 30 feet and one 85 by 35 feet, and one administrative building.

POL Storage Area

Area G contains one storage area with an undetermined number of underground tanks,

one administrative building and one storage building.

Other Buildings

Area H1 contains a probable waste disposal building and Area H2 contains an administrative building.

Equipment Storage/Maintenance Areas

Area J1 contains three 200- by 40-foot vehicle storage buildings, one 950-by 30-foot vehicle maintenance building, four administrative buildings, and three storage buildings.

Area J2 contains three 150- by 30-foot vehicle storage buildings, eight storage buildings, and one support building.

Athletic Fields

Area K contains two athletic fields.

Small Arms Firing Ranges

Area L1 is a 350- by 50-foot possible small arms firing range.

Areas L2 and L3 are 190- by 50-foot and 270- by 95-foot small arms firing ranges.
